## Editorial Greetings

Dear Readers of **AMUYA: Indonesian Journal of Management Reviews**,

Praise and gratitude be to God Almighty – Allah SWT. By His blessings and guidance, **AMUYA: Indonesian Journal of Management Reviews** is presented as a platform for the publication of research and policy results for Lecturers, Researchers, Planners, Academics, and Practitioners, with a publication frequency of twice a year, namely: May–October dan November–April.

This journal is managed using the Open Journal System (OJS). This system allows articles published in each edition to be fully downloaded through the **AMUYA: Indonesian Journal of Management Reviews** website.

We hope that the use of OJS will enable faster, more effective, and broader dissemination of articles through online media.

In this inaugural edition, **AMUYA: Indonesian Journal of Management Reviews** publishes 5 (five) articles, all originating from the Ministry of Religious Affairs of the Republic of Indonesia, as part of the requirements for the application for an **e-ISSN** (electronic International Standard Serial Number) and **p-ISSN** (print International Standard Serial Number) to the **National Research and Innovation Agency (BRIN) — Directorate of Multimedia Repositories and Scientific Publishing, National ISSN Center of Indonesia**.

These five articles are presented according to the scope and focus determined by the **Editorial Team of AMUYA: Indonesian Journal of Management Reviews**, in the fields of: Decision Sciences (miscellaneous), General Decision Sciences, and Management of Technology and Innovation.

We hope that the articles presented in this edition will contribute both as a basis for policy considerations in the development of the religious and religious education sectors, and as a means of advancing knowledge in community-related activities.

Happy reading!

Jakarta, May 2025
